

Material safety data sheet

According to EU Regulation 1907/2006 in the current version

ROSE WATER ORGANIC

1. Identification of the substance/mixture and company

Trade name: Rosa Damascena Water, Organic
Natural product, obtained by direct-fire, water-steam distillation of the flowers of the Bulgarian rose.

I.N.C.I. Rosa damascena flower water

CAS No.: 90106-38-0

EINECS No.: 290-260-3

REACH pre-registration No.: /

Utilization: Raw material for personal care, ingredient for cosmetics

Supplier company identification: Elemental SRL, Piața Cazărmii no.15, 410188-Oradea, jud.Bihor, Romania
Tel/Fax: +40259-436.755, www.ellemental.com

Emergency: RO: număr național pentru cazuri de urgență: 021 3183606 Institutul de Sănătate Publică București.
International emergency number: +49 180 2273-112

2. Hazards Identification

2.1 Classification of the substance or mixture

In compliance with EC regulation No. 1272/2008 and its amendments.

This substance does not present a physical hazard. Refer to the recommendations regarding the other products present on the site.

This substance does not present an environmental hazard. No known or foreseeable environmental damage under standard conditions of use.

In compliance with directives 67/548/EEC, 1999/45/EC and their amendments.

This substance does not present a physical hazard. Refer to the recommendations regarding the other products present on the site.

This substance does not present a health hazard.

This substance does not present an environmental hazard. No known or foreseeable environmental damage under standard conditions of use.

2.2 Label elements

In compliance with EC regulation No. 1272/2008 and its amendments.

Hazard statements: none

In compliance with directives 67/548/EEC, 1999/45/EC and their amendments.

Safety phrase: none

Special instructions: none

2.3 Other hazards

No data available

3. Declaration of ingredients

The product contains the following ingredients:

Material safety data sheet

According to EU Regulation 1907/2006 in the current version

ROSE WATER ORGANIC

Substance	C.A.S.	Hazard symbols	Percent %
Rosa damascena flower water	90106-38-0	-	100 %

3.1. Substances

No substances fulfill the criteria set forth in annex II section A of the REACH regulation (EC) n° 1907/2006.

3.2. Mixtures

No substances fulfill the criteria set forth in annex II section A of the REACH regulation (EC) n° 1907/2006

4. First aid measures

4.1 Description of first aid measures

In case of contact with skin: No known effect on skin contact, rinse with water for a few minutes.

In case of contact with eyes: No known effect on eye contact. Rinse with water for a few minutes. Ensure irrigation under eyelids by occasionally lifting them. Do not try to remove contact lenses unless trained.

In case of inhalation: No effects. Allow the victim to rest in a well ventilated area. Seek immediate medical attention if needed.

4.2 Main symptoms and effects, both acute and delayed

In case of contact with skin, may cause irritation. May cause illness in case of inhalation.

4.3 Indication to consult a physician immediately or any special treatments

In case of illness contact your physician immediately.

5. Fire fighting measures

Non-flammable.

5.1 Means of extinction

In the event of fire, use specifically suitable extinguishing agents. Never use water.

Suitable methods of extinction in the event of a fire, use:

- sprayed water or water mist
- foam
- multipurpose ABC powder
- BC powder
- carbon dioxide (CO₂)

Unsuitable methods of extinction in the event of a fire, do not use:- water - water jet

5.2 Special hazards arising from the substance or mixture

A fire will often produce a thick black smoke. Exposure to decomposition products may be hazardous to health.

Do not breathe in smoke.

In the event of a fire, the following may be formed:

- carbon monoxide (CO)
- carbon dioxide (CO₂)

5.3 Recommendations for fire-fighters

No data available.

Material safety data sheet

According to EU Regulation 1907/2006 in the current version

ROSE WATER ORGANIC

6. Accidental release measures

6.1 Personal precautions, protective devices and emergency procedures

In case of loss or spillage of the product, remove any flames or other sources of heat from the area where the leak occurred. Use protection if necessary for airways; protective clothing must be worn (eg. safety glasses or masks). Do not handle damaged containers or spilled product without wearing the appropriate protective equipment.

6.2 Environmental precautions

Prevent the product from entering drains, superficial drains, groundwater and confined areas. In case of such contamination inform the competent authorities.

6.3 Methods and materials for containment and remediation

Absorb spilled product with inert absorbent material (sand, vermiculite, diatomaceous earth). Collect most of the resulting material and deposit it in containers for disposal. Ensure adequate ventilation of the site.

6.4 Reference to other sections

Disposal of the contaminated material must be carried out in accordance with the provisions of point 13.

7. Handling and storage

Requirements relating to storage premises apply to all facilities where the substance is handled.

7.1 Precautions for safe handling

Always wash hands after handling. Remove and wash contaminated clothing before re-using. Ensure that there is adequate ventilation, especially in confined areas.

Fire prevention: Handle in well-ventilated areas.

Prevent access by unauthorized personnel.

Recommended equipment and procedures:

For personal protection, see section 8.

Observe precautions stated on label and also industrial safety regulations

Packages which have been opened must be reclosed carefully and stored in an upright position.

7.2 Conditions for safe storage, including any incompatibilities

Always keep in packaging made of an identical material to the original.

7.3 Specific end uses

None.

8. Exposure controls / personal protection

8.1 Control parameters

There are no specific control parameters.

8.2 Exposure controls

Material safety data sheet

According to EU Regulation 1907/2006 in the current version

ROSE WATER ORGANIC

Personal protection measures, such as personal protective equipment.

Use personal protective equipment that is clean and has been properly maintained.

Store personal protective equipment in a clean place, away from the work area.

Never eat, drink or smoke during use. Remove and wash contaminated clothing before re-using. Ensure that there is adequate ventilation, especially in confined areas.

8.2.1 Eye / face protection

Avoid contact with eyes.

Use eye protectors designed to protect against liquid splashes

Before handling, wear safety goggles in accordance with standard EN166.

8.2.2 Hand protection

Protective creams may be used for exposed skin, but they should not be applied after contact with the product.

Wear suitable protective gloves in the event of prolonged or repeated skin contact.

Use suitable protective gloves that are resistant to chemical agents in accordance with standard EN374.

Gloves must be selected according to the application and duration of use at the workstation.

Protective gloves need to be selected according to their suitability for the workstation in question: other chemical products that may be handled, necessary physical protections (cutting, pricking, heat protection), level of dexterity required.

Type of gloves recommended:

- Nitrile rubber (butadiene-acrylonitrile copolymer rubber (NBR))

- PVA (Polyvinyl alcohol)

Recommended properties:

Impervious gloves in accordance with standard EN374

8.2.3 Body protection

Work clothing worn by personnel shall be laundered regularly.

After contact with the product, all parts of the body that have been soiled must be washed

9. Physical and chemical properties

9.1 Information on physical and chemical properties

Appearance: clear to slightly hazy liquid

Color: colourless to yellowish

Odor: typical for rose flowers

Relative density (d 20 / 20): NA

Refractive index at 20°C: NA

Flash point: Not applicable

Odor threshold: NA

pH: 4.0 – 7.5

Content of essential oil: 0.08% – 0.12%

Melting point / freezing point: NA

Material safety data sheet

According to EU Regulation 1907/2006 in the current version

ROSE WATER ORGANIC

Initial boiling point and boiling range: NA
Flash point: NA
Evaporation rate: NA
Flammability (solid, gas): NA
Upper / lower flammability or explosive limits: NA
Vapor tension: NA
Vapor density: NA
Solubility in water: soluble
Partition coefficient: n-octanol / water NA
Auto-ignition temperature: NA
Decomposition temperature: NA
Viscosity: NA
Explosive properties: NA
Oxidizing properties: NA

9.2 Other information

None

10. Stability and reactivity

Stable under normal conditions of handling, use, transportation and high level of hygiene.

10.1 Responsiveness

Not applicable

10.2 Chemical stability

Not applicable

10.3 Possibility of dangerous reactions

Not applicable

10.4 Conditions to avoid

Heat, excessive heat, open flames and other sources of ignition. Do not allow product to solidify in filled, closed containers as product expands upon freezing.

10.5 Incompatible materials

Avoid contact or contamination with strong acids, alkalis or oxidizing agents.

10.6 Hazardous decomposition products

Not applicable

11. Toxicological information

11.1 Information on toxicological effects

Toxicity to animals:

- LD50: Not available

Material safety data sheet

According to EU Regulation 1907/2006 in the current version

ROSE WATER ORGANIC

- LC50: Not available

Chronic effects on humans: Not available

Other toxic effects on humans: No specific information is available in our database regarding the other toxic effects of this material for humans.

Eye contact: May cause eye irritation.

Skin contact: May cause skin irritation.

12. Ecological information

12.1 Toxicity

No aquatic toxicity data available for the substances.

12.2 Persistence and degradability

Low persistence level and readily biodegradable.

12.3 Bioaccumulation potential

None established.

12.4 Ground mobility

Not applicable

12.5 Results of PBT and vPvB assessment

Not applicable

12.6 Other adverse effects

Not available data about negative influence on the environment.

13. Disposal considerations

13.1 Waste treatment methods

Proper waste management of the substance and/or its container must be determined in accordance with Directive 2008/98/EC.

Waste: Waste management is carried out without endangering human health, without harming the environment and, in particular without risk to water, air, soil, plants or animals.

Recycle or dispose of waste in compliance with current legislation, preferably via a certified collector or company.

Do not contaminate the ground or water with waste, do not dispose of waste into the environment.

Soiled packaging: Empty container completely. Keep label(s) on container. Give to a certified disposal contractor.

14. Transport information

Exempt from transport classification and labelling.

Transport product in compliance with provisions of the ADR for road, RID for rail, IMDG for sea and ICAO/IATA for air transport (ADR 2009 - IMDG 2008 - ICAO/IATA 2011)

14.1 UN number

Material safety data sheet

COMPLIANCE OF REGULATION (EC) NO 2023/1545

We certify that this product is in compliance with the Regulation 1223/2009 of the European parliament and of the council of 30.11.2009 on cosmetics products, amended with Regulation 2023/1545 of 26.07.2023 as regards labelling of fragrance allergens in cosmetic products.

Organic Bulgarian Rose Damascena water does not contain substances of Annex II – List of substances prohibited in cosmetics products.

Organic Bulgarian Rose Damascena water contains substances of Annex III –Allergens must be declared on the label when it is present in a concentration that exceeds:

0,001% in leave-on products

0,01% in rinse-off products
