

**TECHNICAL DATA SHEET**  
**FRESH HAY FRAGRANCE OIL**

Effective date: 11.2020

**INFORMATION ON SUBSTANCE / MIXTURE**

|                       |                                                                              |
|-----------------------|------------------------------------------------------------------------------|
| I.N.C.I.              | Parfum                                                                       |
| Manufacturing process | Mixture of aromatic products, natural origin, identical nature and synthesis |

**TECHNICAL DATA**

**Physical parameters**

|                           |                          |
|---------------------------|--------------------------|
| Appearance                | Liquid                   |
| Color                     | Colorless to pale yellow |
| Odor                      | Fresh, green             |
| Relative density (d20/20) | [1.4200 ; 1.4600]        |
| Refractive index at 20°C  | [0.8650 ; 0.9050]        |
| Flash point               | >120°C                   |
| Water solubility          | No                       |
| Ethanol solubility        | Yes                      |

**TRANSPORT, STORAGE and SHELF LIFE**

|                    |                                                                                                                  |
|--------------------|------------------------------------------------------------------------------------------------------------------|
| Storage conditions | It's recommended to store the product in its closed original packing, shielded from the light and from the heat. |
| Shelf Life         | 36 months under good storage conditions                                                                          |

**LEGISLATION**

|                |                                                                                                                                                                                              |
|----------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Certification  | -                                                                                                                                                                                            |
| CMR substances | This product is free from substances classified as carcinogenic, mutagenic or toxic for reproduction (CMR) of category 1A, 1B or 2 under Part 3 of Annex VI to Regulation (EC) No 1272/2008. |
| Nanomaterials  | This product is not considered as a nanomaterial, and doesn't contain nanoparticles as defined by the European commission and as described in EU n°1223/2009 and 2012-232 (ANSES).           |
| Animal testing | This product has not been tested on animals.                                                                                                                                                 |
| EINECS         | -                                                                                                                                                                                            |
| CAS            | -                                                                                                                                                                                            |
